

About us!

Thank you for the interest in: Brain Freeze Italian Ice, LLC. It is our hope to be able to assist in your upcoming event or function. Before we get started we would like to share our story: Newlyweds!! My husband and I were brainstorming on how we can start a business so we can work together more.

Eleven years ago, prior to our relationship. I, Kia, traveled to New York with my family on a two week vacation. I was inspired by seeing all the different Italian Ice and food stands, and we weren't at a beach. I researched for eleven years, but couldn't invest because of all the things needed to keep the business up.

Finally, my husband and I put our thoughts together and made it work! There was a seed planted in me eleven years ago. Now it's growing!

Meet the owners:

Relocated from Myrtle Beach, SC. In search of new opportunity. Currently, I'm working for a thriving financial institution in Columbia, Sc. Recently married we, bought a beautiful home in the Northeast Columbia area. Now, my **superman husband** and I own a local successful mobile business here in the Midlands.
